## The European Observatory For ICT Standardisation

The brand new EUOS will thoroughly monitor the global Standardisation landscape, providing a comprehensive and accurate coverage of the most important ICT Standards, Working Groups and Technical Committees that affect the key ICT topics of the Digital Single Market and the EU ICT Rolling Plan for Standardisation.

\* StandICT.eu follows, for its interactive map of ICT Standards, the ICS - "International Classification for Standards (edition 7)" - proposed by ISO.

Navigate the Standards Watch with the Interactive map

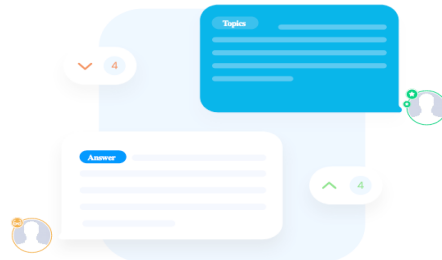

A functional gateway to quickly access both main areas of EUOS, Repository of Standards & Discussion Groups even leveraging the interactive map and following the required topic.

### Join the ICT Standardisation discussion!

You can easily join the groups you are interested into and start sharing insights, learn about any new updates, gaps, and what's new in our thriving community of ICT Specialists.
